PROFILE

I am seeking a challenging role in a dynamic, growing organization that offers opportunities for self-improvement and career advancement.
As a Developer, I design, develop, and maintain Oracle database applications, write SQL/PL-SQL code, optimize performance, ensure data security, and integrate database functions into software.
Previously, I worked as an Account Officer in an NGO, managing financial reporting and operations, and as a Call Center Representative, where I developed strong communication and problem-solving skills.
